**MANY MATTERS
UP TO COURTS.****Arguments Heard, Petitions
Filed and Sentences Hand-
ed Down.****TO DIVIDE S. BROWNVILLE**

Citizens There Want Three Wards to Accommodate More Than 900 Voters.—Marie Arnold Sets Up Awful Wall When Sentenced to the Workhouse.

UNIONTOWN, Aug. 10.—A petition was presented in court this morning by Attorney W. J. Sturgis and signed by 100 prominent residents of South Brownsville asking the court to appoint a commission to determine upon the advisability of dividing that borough into three wards.

The petition sets forth that there are over 900 voters in the borough and the division is asked for the convenience of the municipal government and election boards.

The injunction suit of Clara J. Humbert against the West Penn Railways and Electric Company was argued this morning. The plaintiff seeks to enjoin the defendant companies from depriving herself and her family from free transportation and free lights at South Connellsville. E. C. Higbee and S. L. Goldsmith appeared for Mrs. Humbert and L. B. Brownfield for the defense.

A rule on Allen G. Litwack has been issued by the court directing him to show cause why his license to conduct a detective agency in Uniontown should not be revoked. The terms of his agreement with the court when the license was issued have not been lived up to, it is said.

Giuseppe Andoloro of Fairbanks created a scene when he appeared in court to answer a writ of habeas corpus. He could not speak English and would not speak in his own case. His matter will be held up until next Tuesday. He is believed to be mentally unbalanced.

Testimony was taken this morning by Judge Unblat for the benefit of Alexius Hanzakowski, who seeks to recover through the German courts, 200 kronen which he loaned his brother in 1905 when the two were serving in the German army.

In the suit of S. D. Butz and E. E. Boserman against Jesse A. Stauffer the exceptions to the court's preliminary decree was overruled. Stauffer loses his suit and is directed to carry out certain requirements laid down by the court as the result of a coal deal with the plaintiffs.

Several sentences were handed down this morning. Marie Arnold, well known to the Connellsville police, set up such a hullabaloo that she was committed to the workhouse for some time after being sent to the workhouse for six months on a charge of open lewdness. Joe Brodbeck, who robbed the Exchange Hotel bar registers pleaded guilty and was sent to the reformatory for 2 1/2 years.

Melick Croeski received the usual sentence for carrying concealed weapons. John Tomesky was sent to the reformatory for a year and a half for burglary. The sentence on Elmer Black, who was to have gone to Sing Sing, was revoked. He is not believed to be sound mentally.

**HOTTEST DAY EVER
SEEMED YESTERDAY**

Mercury Climbed Scandalously All the Day—Breeze Today Gives Comfort to Many.

According to reports from all over the State yesterday was the hottest day of the summer and it felt it. The records at the West Penn offices show that the mercury reached 92 at the time for taking the evening reading, but this was after the hottest spell had passed. During the afternoon the thermometer went as high as 110, but then the sun was shining on it.

Several times during the past summer the mercury has reached 92 at 5 o'clock in the evening but those who are pretty good judges say that yesterday afternoon was the hottest ever. The mercury this morning was 75, one degree warmer than at the same time yesterday. A cool breeze made the morning feel more comfortable than yesterday.

SUCCESSFUL ENTERTAINMENT.

Tyrone Sunday School Adds to Their Church Fund.

The Tyrone Presbyterian Sunday school held a very successful entertainment, among old fashioned programs, there on Saturday evening, which was well attended and pleased the people. There was about \$30 added to the church treasury on account of the entertainment.

**JUDGE FORSAKES
LAW TO BECOME
A DAY LABORER.**

KENOSHA, Wis., Aug. 10.—Joseph R. Clark, former judge of the district court of Omaha, who wandered away recently and was found in Illinois, will forsake his lucrative practice of law and become a laborer. Judge Clark for the second time in 13 years was seized with an overwhelming desire to perform manual labor. He shaved off his beard, sold his clothing and bought a rough suit. As he tramped through the country he hired out to farmers for a day's work. Wealthy friends of the former judge will send him to a farm near Kenosha. There, under the strict surveillance of a friendly guard.

**PENROSE SEES BIG
BOOM IN BUSINESS**

Says Pennsylvania Will Enjoy Greatest Prosperity as the Result of Tariff Law.

PHILADELPHIA, Aug. 10.—As the direct result of the new tariff law one of the greatest business booms in the history of the State is to be expected before the November election, according to a prediction made by Senator Penrose, who returned from a two-days' rest at Atlantic City, said:

"By next fall I look for the arrival of a tremendous business boom. There is hardly an item in the tariff bill in which Pennsylvania is not interested. The great iron and steel interests, the manufacture of silk and cotton goods, the leather trade and, in Philadelphia particularly, the luxury manufacturers will benefit by the law. Already you hear reports from all parts of the State of the resumption of plants that had long been idle, and I believe that before the November election Pennsylvania will witness the greatest prosperity in her history."

As to his personal plans for the summer, Senator Penrose said that he expected to leave the city the latter part of this week for Northwestern Montana, where he will hunt and fish with his brother, Dr. Richard Penrose, along the south fork of the Flathead river. He will return to Philadelphia about the middle of September, and will take an active part in both the local and State campaigns.

Asked as to how he regarded the political situation, he replied:

"The party is united, not only in Philadelphia, but in the entire State and so far as the State ticket is concerned, there is not a ripple against it. I have made engagements to visit Pittsburg and other points in the State after my return from the west, but I do not know that I shall take the stump. This is an off year, you know, and I do not think that we will have a speaking campaign."

**DELMONICO'S SURPASSED
AT THE COKE WORKS**

For Two Geese and a Chicken Cost \$27.50 at the Hostetter Ovens.

About 4 o'clock Monday morning, Paul Rudy, John Rogie and Paul Krora, while enjoying a night of it in one of the coke ovens at Hostetter, decided that they were hungry, and they proceeded to the home of Andrew Mattick, nearby, where they possessed themselves of two geese and a chicken.

They cleaned the fowls and were roasting them over the top of an oven when Mattick appeared upon the scene, the quacking of a goose having disturbed his night's rest and having sent him out to investigate. Mr. Mattick summoned Constable Fry of Latrobe to the scene and the three men were arrested. They paid \$27.50 in costs, etc., to settle the case.

Killed Near Home.
Struck by a train within sight of his home Frank L. Dryden, one of the officers of the Acme Brewing Company at Bentleyville.

**DAWSON RACES
ARE ON TODAY.****Many Horses Have Arrived
and a Big Crowd Is
Expected.****THERE ARE SOME FINE ENTRIES**

Tom Sharkey Will Be Among Those Who Will Contest in the Annual Event—Track Conditions Are Excellent Today.

The Dawson races are on today. With the largest string of horses ever entered at the meet there and prospects for ideal weather, there is no doubt but that a record crowd will attend. Secretary Harry T. Cochran has made arrangements for the most successful meet ever held. The stakes this year are larger than ever and from the records on other tracks there will be some fast going.

Over 150 horses are on the track ready for the drop of the flag. Some 50 more are expected to arrive during the day to take part in the cards of the other three days of the meet. The track is in excellent condition and the drivers declare it one of the best half-mile ovals in the country.

The 2:14 pace, the 2:25 trot and the 2:18 pace are carded today. There will be a good card every day of the meet. The free-for-all pace will bring out several veterans of the track and will undoubtedly be the feature race of the day.

There are some excellent bred horses in the entry lists and if the heats are not hotly contested the followers will be badly disappointed.

Arrangements have been made to carry large crowds to the park. There will be plenty of vehicles at Dawson and the fare to the grounds is reasonable. While the West Penn will prove the popular way to the grounds, the Baltimore & Ohio will handle a large number of people.

For the benefit of the Connellsville people who will attend the races this afternoon the West Penn has put the old 40 minute service in effect once more. If the experiment proves successful, it will be continued on the other three race days. The cars will leave this afternoon on the even hour and at 20 minutes of and after the odd hour.

This change will be appreciated by the racegoers as under the old schedule cars only ran once an hour.

**SAW A FAT COPPER
ON PENNSVILLE HILL**

Fred Meyers of the West Penn Comes Forward With His Annual Snake Yarn Modified.

Trackwalker Fred Meyers of the West Penn produces one nature faking story per annum and this morning came to the front with the first one he has passed on an innocent and unsuspecting public this year. This time Fred says he is telling the gospel truth. He admits that the bumble bee he saw near Conbrook may not have been as big as a batman hen, this conclusion being reached by a retrospective glance into the past, but he does say that the copperhead snake he saw on the Pennsville hill yesterday was four foot long, if an inch, and as big as his wrist. If that snake was as big as Fred's wrist it was a whopper, for Fred is no Apollo Belvidero when it comes to shape.

"Yes sir," narrated Fred to the reporter who gaped open mouthed in wonder, "that snake was four foot long. Maybe it was longer, because I didn't stay long enough to get out a tape line. He was big, too, as big around as my wrist," and at this point Fred displayed that member, which could fill a six inch pipe line.

"Was it alive? Well you can bet it was. I saw it wiggle through the bushes and then made tracks for the Pennsville station."

Fred says he doesn't like snakes any better than he likes bumblebees of mastodon size, so he didn't stop to make any scientific investigation of the reptile.

457*REPORTED DROWNED.

Coral Fishing Fleet Goes Down in Squall.

TOKIO, Aug. 10.—(Special.)—A dispatch received here from Kobe today says that a coral fishing fleet caught in a squall off Kobe has gone down, and 457 fishermen have been drowned.

Decision is Reserved.
UNIONTOWN, Aug. 10.—The cases of extortion against Squire Jeffries and Constable Briscoe were heard before Squire Bleser but the Squire reserved his decision in the case of Jeffries. More testimony will be taken Monday, in Briscoe's case.

FUNERAL THIS AFTERNOON.

George B. Snyder Buried With Masonic Honors.

The funeral of the late George B. Snyder took place this afternoon at 2:30 o'clock from his home at 115 Apple street, and was attended by a large concourse of friends and relatives. The funeral was in charge of King Solomon Lodge, F. & A. M., and almost every member met at 2 o'clock at the Masonic building to attend the funeral.

The pall bearers were selected from the Masonic fraternity and were W. D. McGlinis, J. W. McClaren, S. M. Goodman, Claude D. Anderson, Robert Norris, R. J. Welsh, Robert Thomas and W. R. Scott.

The services at the house were conducted by Rev. E. A. E. Palmquist, pastor of the First Baptist Church. The Masonic fraternity conducted the services at the cemetery.

**MRS. SUTTON'S STORY
IS CORROBORATED.**

Sergeant of Guard Declares That Her Son Was Murdered and He Saw Fatal Shots.

United Press Telegram.

BOSTON, Mass., Aug. 10.—Corroborating almost every detail of the assertion of Mrs. Sutton that her son James was shot at Annapolis by his brother, officers, Sergeant Arch Todd, Corporal of the Guard on the night of the tragedy here today declared he saw the shot fired that killed Sutton. A telegram was received here today saying that Todd is wanted at the Annapolis investigation.

When found he said, "I was on duty at midnight and saw the figure of a man about 250 feet away from me in his shirt sleeves. I did not know who it was. I saw Lieutenant Osterman and Adams and recognized them. The man in shirt sleeves started to run when a voice cried, 'Stop running, you're under arrest. Stop or I'll shoot.' The man ran on. There was a shot. Then three more revolver shots and the man running dropped. I ran over and saw it was Lieutenant Sutton. I saw a hole in his forehead and another back of his left ear." Todd said the voice ordering the man to stop came from the direction of Osterman and Adams.

**TO ABATE AN
UGLY NUISANCE**

Town Council is Preparing to Take Up Complaint on North Side.

Members of Town Council are active today preparing to abate the nuisance caused by the discharge of filth from the sewer of the Pennsylvania railroad which empties into Mount creek and which has caused a storm of protest from the neighborhood to the north of town.

Councilman William McCormick said this morning that the Pennsylvania railroad is not to blame for existing conditions. He says several parties have tapped the sewer without even asking permission. There is a borough sewer in excellent condition along Eighth street which could be tapped by all the parties using the railroad sewer. Efforts will be made to require them to do so.

The Pittsburg Brewing Company, the Youngloughs Ice Company and several private families have tapped the railroad sewer. They will be required to go into the borough sewer.

The railroad sewer was laid for the purpose of carrying away storm water and there was no intention of emptying sewage into it.

Died From Heat.
While in a harvest field on his farm in Peers township, Washington county, James McNary, aged 58, was stricken with heart ailment, due to excessive heat, and died within a few minutes. He is survived by his wife and three daughters.

Samuel Heffley is a former well-known resident of Connellsville, who has been traveling throughout the country, is now located in Wellsville, Kansas, where he has asked that the Daily Courier be sent him in order to keep him posted on the doings of the section. Mr. Heffley is searching for a suitable place to locate, and says that he soon intends to go to the Pacific Coast, and then locate on his return at some spot that pleases him.

He remarks that his travels have shown him what a great country this is, and something that no one can realize until they travel over it and see the resources that our people have. He earnestly advises all young Americans to come out West and get possession of their domain, and soon have all of it. The territory that he has traveled over promises bumper crops of all kinds, the farmers are all happy and everything looks good for the future.

Was Third Death.
The family of Frank Volcanish of Davidson has had a trio of deaths among the children during the last year, the third one being Frank, aged two years and a half, who died from burns received on Saturday while playing with matches. The child was insured in the Metropolitan Insurance Company, and the death benefit was paid yesterday.

For Moderate Temperature.
Fair tonight and Wednesday; moderate temperature, is the noon weather bulletin.

**FOUND DEAD
IN HIS BED.****William McDonald Was Feeling
Well When He
Went to Rest.****DAUGHTER FOUND HIM DEAD**

A Canadian by Birth But Came to this Country a Number of Years Ago. Death Was Directly Due to His Advanced Age.

William McDonald, an aged resident of Connellsville, was found dead in bed this morning at the home of his daughter, Mrs. F. M. Cockrell, 708 North Pittsburg street. Mr. McDonald retired at his usual hour last night and had been feeling in the best of health. He was 78 years old and death was due to his advanced age.

Mr. McDonald was born on March 17, 1830. He was a Canadian by birth but came to this country a number of years ago. He is survived by three children, Mrs. F. M. Cockrell of town and George and John McDonald of Cumberland. The latter two are both employed as engineers on the Baltimore & Ohio railroad, running out of Cumberland.

As yet no arrangements for the funeral have been made and will not be until after the two sons have been heard from.

**MAKING EXPERIMENTS
IN ROAD BUILDING**

Superintendent of Westmoreland Coal Company Has Been Very Successful by His Method.

General Superintendent E. G. Smith of the Westmoreland Coal Company at Irwin, has been experimenting on road making and according to experts he has solved the problem of constructing roads that will endure. Superintendent Smith has about one and one-half miles of road down at Export and several more miles will be constructed there. He has also built about a half mile in West Irwin and will put down several stretches at Yukon, where the company's new mine is located. Mr. Smith uses basic slag, to the depth of from ten to 20 inches for his foundation. Grunulated slag is then used for a top dressing. This is well crowned to take away the water. It is well rolled and water dashed upon it. This binds the material thoroughly.

The roads since constructed have had some severe tests. Several heavy rains showed that the surface holds well while the same has become as smooth as the best macadam. Moreover, heavy hauling and auto make no impression. The road's wearing qualities have been closely watched and the opinion is that it is one of the most durable that can be constructed. The cost per mile is much less than those built by other methods.

Former Connellsville Man Writes That All Young Americans Should Get Land Out There.

**HEAD OF CHICAGO
STREET RAILWAYS,
WHO FACES STRIKE.**

When 12,000 employees of the Chicago street railways voted favorably upon a proposal to strike, if wage demands which they had made were not complied with the city was confronted by a threat of the biggest traffic stop in its recent history. Ever since the teamsters' strike of five years ago Chicago has had a wholesome fear of similar disturbances, and President Thomas E. Mitten of the street railway company has been urged by the citizens to do all in his power to prevent a walkout of the carmen. Proposals for arbitration have been made, and there is still hope that the strike may be averted.

**AUTOMOBILES IN
WRECK IN UNIONTOWN**

Robert W. Playford and C. W. Johnson Come Together on Gallatin Avenue.

UNIONTOWN, Aug. 10.—Two automobiles were damaged and one occupant injured in a collision between the car of Robert W. Playford and one belonging to C. W. Johnson at Church street and Gallatin avenue last night about 8:30. Ewing Marshall, one of the proprietors of the Gallatin hotel, who was on his way to the mountain in the Oldsmobile, sustained a deep cut in the back of his head by coming in contact with a brass strip in the rear of the seat he occupied. He walked into the office of Dr. Frank H. Taylor, where his wound was dressed. Later he continued on his trip. Johnson's car was completely disabled. One front wheel was smashed, the front axle bent and the fenders and side stop completely demolished. The lamps on Mr. Playford's machine were torn off and the front spring bent.

Clarence Bundy, the chauffeur for Mr. Marshall, was driving his car south on Gallatin avenue and Mr. Playford was going west on Church street when the collision occurred. Mr. Playford had started across Gallatin avenue when the other car crossed Church street. He turned his machine to the left to avoid the accident, but in doing so the cars met. Marshall's auto was sent skidding to the curb by the force of the contact and he was thrown back against the rear of the car. A man who had seen the accident and Mr. Playford rushed to the damaged car, thinking the occupants had been seriously injured.

Marshall informed them that he was unhurt, but after the excitement was over he discovered that his shirt was covered with blood from the injury to his head.

The occupants of Mr. Playford's car, who were Robert W. Playford, Charles Playford, Mrs. W. H. Playford and brother, William Shouse and his daughter, Miss Alice Shouse of Cincinnati, were badly shaken up, but fortunately escaped injury.

**HELD FOR COURT
ON SERIOUS CHARGE**

Justice Expresses the Opinion That John Vush Is Not Guilty of the Charge.

John Vush was given a hearing by Justice of the Peace Frank Miller on charges of attempting to criminally assault Mary Baldaugh, the 14-year-old daughter of Martin Baldaugh of Dutch Bottom, and was held for court although Squire Miller expressed the opinion that he did not believe the man guilty.

According to the story Vush told, he got in the wrong room. The girl was in the room but Vush merely laid down on the bed and went to sleep. This morning efforts were made to have the charges withdrawn but Squire Miller said he had no alternative but to send the case to court.

There are seven members in the Baldaugh family and they have three boarders besides. This makes ten in the house.

**TENTH BOYS TO
MEET IN PITTSBURG.****Gathering Scheduled for This
Afternoon of Philip-
pine Heroes.****WILL BE QUARTERED IN TENTS**

Reunion Follows the Meeting of the Society of the Army of Philippines in Greensburg on August 13—Many Are Present.

Dotting the broad acreage in front of the Eighteenth regiment armory at Craft avenue and Forbes street, Pittsburg, a line of white tents have turned the pretty grounds into a miniature white city, which is known as Camp Alexander L. Hawkins, and last night several hundred veterans, who have marched and fought under Old Glory in China, Cuba and the Philippines, slumbered and dreamed of their deeds in the Orient. This morning the reveille woke them and its sweet notes were sent forth from the same bugle at whose blast the Spanish colors at Santiago were lowered.

Delegates to the national encampment of the Army of the Philippines came in from all parts of the country last night, and by sundown today all of them arrived. The convention opened in the Schenley Hotel at 2 o'clock this afternoon and will continue until Thursday night. On Friday the delegates will leave on a special train for Greensburg, where they will be the guests of the Tenth Pennsylvania Infantry. General S. B. M. Young, retired, is expected to arrive today as President of the convention.

During the encampment the American Veterans of Foreign Service will hold their ninth annual reunion. There will be 500 delegates at the reunion, which will be held in the armory of the Eighteenth Infantry. The delegates will be quartered with the Philippine veterans at the armory, and mess will be served there. The large tents pitched on the lawn will be used for sleeping quarters.

During the convention a ladies' auxiliary will be organized by the women relatives and friends of the members of the American Veterans of Foreign Service. The first session of the organization will open at the armory at 9 o'clock this morning. During the session efforts will be made to have the Army of the Philippines amalgamated with the American Veterans of Foreign Service.

The American Veterans of Foreign Service was the first organization to establish headquarters. The national commander and his staff arrived in the city on Sunday night, and early yesterday morning. Headquarters was established in the Hotel Noren, 305 Craft avenue, where a meeting of the executive committee was held at 4 o'clock yesterday afternoon. At this meeting only routine business was transacted and all arrangements completed for the convention.

This evening an open public meeting will be held at the Carnegie Music Hall, and tomorrow afternoon the Army of the Philippines and the American Veterans of Foreign Service will proceed with three bands of music to Forbes field where they will witness the game between the Pittsburg and Boston teams. In the evening a smoker will be held on the lawn of the Hotel Schenley. In the afternoon the Ladies' Auxiliary of McKinley Post No. 3, A. V. F. S. will give a lawn party on the lawn of the Eighteenth regiment.

While the delegates are present they will be turned out at reveille by blasts from a bugle in the hands of National Bugler Fabian Sebest. At the fall of Santiago, Bugler Sebest lowered the Spanish colors and raised Old Glory to the top of the staff by the strains of his bugle. This bugle has been presented to the American Veterans of Foreign Service, but it is used by him at all their reunions.

The following officers of the American Veterans of Foreign Service are now in the city: J. Alfred Judge, National Commander, Philadelphia; Andrew Oberley, Senior Vice Commander, McKeesport; Herman Rettig, Junior Vice Commander, Cincinnati; H. H. Walton, Adjutant General, Philadelphia; Inspector General, Rudy Brozman, Jersey City; F. Hyman, Youngstown, O.; Thomas Devine, Pittsburg; National Bugler, Fabian Sebest, Reading, Pa.

Struck by Elevator.
Ray McCarty Seriously and Perhaps Fatally Hurt.

UNIONTOWN, Aug. 10.—Ray McCarty was seriously and perhaps fatally injured this morning at the plant of Armour & Company when he was struck on the head by a descending elevator. There was a 200 pound cake of ice on the elevator when the rope broke. McCarty's condition is precarious.

JUSTICE IS BUSY THESE WARM DAYS

Squire S. S. Kern of South Connelville Continues to Work at Brisk Rate.

The justice mill at South Connelville has been grinding briskly during the past couple of days and Squire S. S. Kern and his constable, I. Palmer Crossland, have had plenty to do.

Last night Bruce Bear was given a hearing on charges of trespass and damage preferred by George Brown, a negro. It seems that a cow belonging to Bruce had strayed off the reservation and got into Brown's garden. After hearing the evidence Squire Kern directed Bear to pay Brown \$5 damages and settle the costs in the case. It was done.

Tonight Rev. A. R. Seaman of South Connelville will appear in the role of prosecutor when Harry Hart, Jesse Stroudman and Kenneth Hight will be arraigned for pilfering fruit from the reverend's garden.

Rev. Seaman is a great friend of the South Connelville boys but he objects to them helping themselves to his fruit. He is a generous man, and by who asks may eat, but the fellows who do not ask and eat anyhow feel the majesty of the law. The hearing is attracting considerable attention.

RIOTING IN SWEDEN STRIKERS ARE ACTIVE.

Many Reported Killed and Strikers Trying to Get Farm Hands To Join Them.

United Press Telegram.

STOCKHOLM, Aug. 10.—Rioting is reported today in the Communist country districts through Sweden. The strikers are endeavoring to get the farm laborers to join the strike. This being the middle of the harvest season it would result in a great loss of crops. The troops left the capital today for the most disturbed districts. Owing to the suspended publication of the papers news is meager, but several are reported killed. Much unrest is felt over the recklessness of King Gustav going about the city unguarded, even within the lines of the strikers. There is little likelihood of the railroad employees walking out tomorrow. It is believed the strike will end this week.

THREE INDUSTRIES SEEKING A LOCATION.

Banker P. Bufano in Correspondence With Embroidery, Cocoa and Silk Factories.

Banker P. Bufano says that he is in correspondence with three separate concerns that are seeking a location for their plants, and that they wish to investigate the advantages of Connelville. The concerns are a Swiss embroidery factory, a Holland Dutch cocoa manufacturing and an independent silk mill. None of them so far has signified the desire to enjoy any bonus for their location, but wish to know the advantages offered by the town. The United Textile corporation, which was looking for a site for a silk mill at Connelville or Uniontown, have chosen a location at Springs City, they write Mr. Bufano, where they purchased the \$200,000 plant of a defunct knitting mill for \$30,000, and will install their machinery for about \$200.

WILL UNITE TO SAVE FISH.

Sportsmen and Fishermen to Prevent Pollution of Rivers.

The death of thousands of fish in the Ohio river recently during the low water has aroused the sportsmen of West Virginia and Ohio to the point of organizing for the protection of the Ohio river from pollution and the securing of national legislation against it. For 20 miles, last Thursday and Friday, the surface of the river was covered with dead fish.

In Wheeling, W. Va., physicians declared that the decaying fish made the water unfit to drink and the health boards of other West Virginia towns gave similar warnings. Fishermen held indignation meetings in almost every town along the Ohio and as a result an investigation of the cause of the wholesale killing of the fish will be made. James B. Sanson of Pittsburgh will be asked to act as temporary secretary and arrange for an organization. It is said an inflow of aid from a large manufacturing plant killed thousands of the fish. Congressmen whose districts border the Allegheny, Ohio and Monongahela rivers will be asked to support bills, at the next session, placing the supervision of streams that flow through two or more States in charge of the Federal government.

SIZZARD IS BROKEN.

Weather Bureau Says Moderate Temperatures Are Coming.

WASHINGTON, Aug. 10.—(Special.) A bulletin issued by the weather bureau today says the intense heat in the Eastern and Northwestern States will be broken today and give way to comparatively moderate temperatures.

CHARGED WITH BIGAMY.

"Jack" Hathaway Brought to New Kensington From West Virginia.

NEW KENSINGTON, Pa., Aug. 10.—"Jack" Hathaway of Buffalo, N. Y., hunted for six months on charges of bigamy, assault and battery and perjury, was brought here today from Keyser, W. Va., by Constable S. T. Mitchell of New Kensington and placed in jail.

Miss Mary Rattlesberger of New Kensington, who brought the charges of bigamy and assault and battery, says that a year ago Hathaway married her 15-year-old daughter, Eva, at Cheswick when he had another wife, Justice of the Peace Robert S. Stuart of Cheswick, who performed the ceremony, brings the perjury charge.

JOB FOR GREENSBURG MAN.

Jesse L. Suter, Made Member of Hitchcock's Confidential Staff.

WASHINGTON, Aug. 10.—Postmaster General Hitchcock appointed Jesse L. Suter, Washington correspondent of the Nashville Tennessean, as a member of his confidential staff in the Postoffice Department.

Mr. Suter is a well known Washington newspaper man and was connected with the publicity bureau of the Republican National Committee during the last national campaign. He is a resident of Greensburg, Pa.

SCORES BALLINGER.

Spokane Press Rips It Into Him for Opening Public Lands.

SPOKANE, Wash., Aug. 10.—(Special.)—The press in a story this morning severely attacks Secretary of Interior Ballinger for his action in connection with the re-opening of the lands in Montana withdrawn by President Roosevelt, giving power to the water monopoly.

Chief Forester Pinchot was the principal speaker of the day at the irrigation Congress.

A MUDDY PROBLEM.

River is Low and It Hasn't Rained and What's the Cause?

The river is considerable of a puzzle these days. The stream is lower than it has been for months, registering 0.50 feet by the gauge, yet it has become unusually muddy during the past few days.

The river is as muddy as it gets in times of flood, yet it continues to fall. Folks are wondering over the cause of the phenomena.

JEANNETTE WOMAN HANGS SELF.

Mrs. Eugene Mazur, of Jeannette, aged 72, committed suicide yesterday by hanging herself to a bedpost at her home. The woman left several rambling notes. She imagined someone was trying to kill her son and that everything about the house contained poison.

MOORE WANTS THERE.

CONTRACTS ARE AWARDED.

The Consolidated Coal Company, at Fairmont, W. Va., yesterday awarded the contract for constructing four miles of railroad in Johnson county, Ky., to the M. J. Watson Company, of Huntington.

THE TONGUE.

It Appears That This Organ Can Be Eloquent Even When Silent.

From the observations made by a physiologist it appears that the tongue when quite still can be as eloquent in giving its owner away as when it is wagging sixteen to the dozen. This is a hard fact for a silent man to swallow in silence. His only remedy is to keep well so as to obviate the necessary indication of the doctor to put his tongue out for by this thrust out sign the doctor shall know him.

The tongue of the talker when obstructed inclines to the right side of the mouth. We are asked to believe, whereas the seldom used tongue gravitates to the left side. Orators, preachers and barristers are endowed with right sided tongues. Verbally persimmonous persons have left sided tongues.

Furthermore, "the tongue that shoots out straight without turning or wavering indicates a solid, reliable man of affairs." Tongues that turn up indicate impractical natures. A downward, drooping tongue belongs to a person born to poverty and a ready eye for the hopeless side of things.

The cruel tongue flattens and broadens when extended. The delicate speaking organ with curled up edges is the property of an imaginative and artistic being. When the tongue, issues forth as if gripped in a dental vise it signifies a love of life more than ordinary.

Finally we are warned that the individual who thrusts forth his tongue to its extreme verge is a person to whom no secret should ever be confided, for he is an irresponsible character.—London Chronicle.

Good Advice.

"Young man," said the boss, "come blither and listen." He approached. "When you've made a mistake forget it and go on to the next job. Don't potter around all day adding a lot of finishing touches."—Louisville Courier-Journal.

There never was a day that did not bring its own opportunity for doing good that never could have been done before and never can be again.—W. H. Burleigh.

SOCIAL.

A Delightful Party.

Mrs. Joseph L. Studer entertained in a most delightful manner last night at the Solson summer home near McCoy's Springs in honor of Miss Laura Hite of Pittsburgh, and Miss Kennedy of Braddock. Beautiful decorations were enchantingly arranged to make more pretty the summer home, which though the evening was warm, the cool mountain air made the dance apartments most pleasant. Maple leaves entwined with Japanese lanterns, cut flowers and other attractive decorations were used in the beautifying of the cottage, while the porches were also attractively decorated. Dancing was the principal attraction during the evening and it was indulged in until an early hour this morning while some of the staid folk passed the time at cards. It was an ideal night for the young folks and the little walks and the little talks were numerous and greatly enjoyed as the summer home is an ideal place for an enjoyable evening.

Mrs. Studer was a most charming hostess, seeing at all times to the pleasure of her guests. They were conveyed in wagons and automobiles from town and this was a great asset as the ride was a most cool and pleasant one. Among the delectable features of the evening was a most elaborate serving of refreshments. Music also figured among the pleasures.

Miss Kennedy and Miss Hite are well known in Connelville, having visited here frequently, the latter being quite a noted singer. They entered into the spirit of the evening and made many warm friends by their graceful manners.

Itching Stopped—Skin Cooled.

Itching skin diseases afflict some people as soon as the hot weather comes. There seems to be no preventive; but when the eruption does break out, it is a very simple matter to stop that itch, and to stop it instantly.

Just a few drops of O. O. of Wintergreen, properly compounded and washed over the eruption will soothe and smooth the skin, instantly giving that cooling and refreshing sensation.

Try a few drops of this D. D. D. Compound and your itch will be relieved at once, not in half an hour, or ten minutes, but in five seconds. Call at our store and we will tell you more about this D. D. D. Compound.

MIND OVER MATTER.

The Power of the Spirit in Helping to Retain Life.

The power of the mind over the body is demonstrated in all forms of faith healing, was recognized in the seventeenth century by Richelieu's physician, Oltio. Summoned to attend his master's constant fits of depression, Oltio would solemnly call for a sheet of paper on which to write a prescription, and almost invariably after his departure the prescription would prove to consist of the words "One dram of Boleober." Boleober being a poet of small talent, but possessed of high spirits and wit. In those days, when the common remedy was bleeding, when it is known that Voltaire, the poet, was bled to death and the Princess of Conti, suffering from apoplexy, was bled till she died in the hope of rousing her from her lethargy. It is no wonder that a humane and a human physician like Oltio should have been successful.

The famous frequenter of the French salons, Fontenelle, is, however, the best example of the power of the spirit in retaining life. At the age of ninety-five he fell when picking up a lady's handkerchief and made the historic remark: "Ah, one je n'ai pas encore mes quatre-vingt ans." A certain cynicism marked his determination not to die, as on the occasion when a friend dying beside him at the time, he requested his man to remove him and continued his conversation. He married, nevertheless, to live to within a month of his hundred years and then complained that he would have lasted much longer had not the outbreak of war put a stop to pleasant conversation.—London Chronicle.

AN IMPRACTICAL JOKER.

He Thought It Was Very Funny to Fire the Hayrick.

Practical joking, "the meanest form of wit," is common in Hungary. Formerly the pranks used to be coarse, if not dangerous, but that is changing now. The only saving grace of the Magyar practical jokes, says W. B. F. Scott in "Hungary and the Hungarians," is that they are not perpetrated in a spirit of bitterness.

One of the most famous jokers of the old school was Jozsa Gyuri. Bred in one of the most inaccessible parts of the great plain, he lived and died "a prodigal and a buffoon."

A story is told of Jozsa going to spend a night with a Count Keglevich. Wishing to be impressive, he journeyed thither in a beautiful new coach, of which he was very proud. On being shown over the grounds by the count his attention was directed to a remarkably fine hayrick. Jozsa was then standing at a good price. After supper Jozsa drew together some friends, and the rick was soon nothing but a heap of ashes.

The next morning when Jozsa wanted to continue his journey his wonderful carriage was not to be seen anywhere.

"Why, my friend," said the count, "you yourself burnt it last night. The fact is my coach house wants repairing, and as the evening threatened to be wet we put your carriage under the rick to keep it dry."

A MAN OF LUCK.

The Story of the Test by the Eastern King's Minister.

A king once said to a minister, "Do you believe in luck?"

"I do," said the minister.

"Can you prove it?" asked the king.

"Yes, I can."

So one night he tied up to the ceiling of a room a bag containing peas mixed with diamonds and let in two men, one of whom believed in luck and the other in human effort alone. The one who believed in luck quietly laid himself down on the ground, on his blanket, and after a time found the bag and, feeling in the dark the peas and stones, ate the peas and threw the diamonds to his companion, saying, "There are the stones for your idleness."

The man below received them in his blanket.

In the morning the king and the minister came and told each man to keep what he had found. The man who believed in trying got the peas which he had eaten; the other got the diamonds.

The minister then said, "Sir, there may, you see, be luck, but it is as peas mixed with diamonds, so let us hope to live by luck."—An Eastern Fable.

Men and Their Feet.

The Frenchman's foot is long, narrow and well proportioned. The Scotchman's foot, according to anthropologists, is high and thick, strong, muscular and capable of hard work. The Russian's foot possesses one peculiarity: the toes being generally "webbed" to the first joint. The Tartar's foot is short and heavy, and the foot of a certain type of savage, and the toes are the same length. The Spaniard's foot is generally small, but the Englishman's foot is in most cases short and rather fleshy and not as a rule, is strong proportionally as it should be.—Argonaut.

Sterilized.

"Have you," inquired the city visitor, "a moss covered bucket about the place?"

"No, sir," answered the farmer. "All our utensils are sterilized and strictly sanitary."—Kansas City Journal.

SCOTSDALE BOY IN HERO'S PART.

Eight-Year-Old Rescued Boy
From a Watery
Grave.

ALBERT HILL LEAPED IN WATER

Man Who Died Suddenly on Street
Car Identified as From Arona—The
Shivelys, Lightly and Lowe Fam-
lies to Hold Reunion.

SCOTSDALE, Aug. 10.—If it had not been for the bravery of another little boy, North Scottdale, would be the victim today of the sulphur laden waters of Jacobs creek, and the first victim of drowning in this locality this season. The Hanson child with a number of other youngsters were seeking a boy's joy in swimming or trying to do so during the hot spell of yesterday afternoon in Jacobs creek above the town. They found a pool there and were splashing around joyously, when the Hanson child got in water too deep for him, and sunk, calling for help. The other children were so frightened by the scene that they ran away screaming for help. Then Albert Hill, a boy not much older than the drowning child came along and being a hero and a swimmer jumped in, dived for the other child and finally after a fearful struggle dragged him to safety. Others arrived soon after and the boy was taken to a doctor. He was in a dangerous condition from his experience. But for the arrival of the Hill boy he would have been drowned.

Having a New Window Put in.
Porter & Stoner, the general store men, are having a new front put in their building on Pittsburgh street, the present show window being removed, and put several feet further back, and a new front that will make a deep entrance to the store being built. S. R. Morris & Company, the clothiers, had their store front fixed the same way last week.

Dead Man Identified.
The body of the Italian who died suddenly on a street car coming from Tarr on Saturday night, was identified at the Owens & Ferguson morgue last night, as that of Francis Marozzi, of Arona. He has a father who has been a short time in this country and who lives near Tarr. The body will be buried here. Corner H. A. McMurray was down from Greensburg yesterday afternoon and it was decided that the man died from heart failure.

Reunion at Eden Park.
The Shivelys, Lightly and Lowe families are arranging for a family reunion to be held at Eden Park on Thursday, Aug. 12. The families have many representatives in Fayette, Westmoreland and Allegheny counties, and the gathering will be a large one. The invitation being especially extended to all friends to join. The outing, and to make it one of the big old fashioned basket picnics of the season. Eden Park is an attractive pleasure spot, and any inquiries that may be made regarding the reunion should be addressed to William K. Albright, of Smithfield.

Up Along Indian Creek.
Rev. Edward C. Kunkle, pastor of the First Baptist Church of Scottdale, accompanied by a big crowd of youngsters went over from Scottdale this morning to Connelville to board the O. & P. train for the Indian Creek valley, where they will spend 10 days or more in camp. Along that picturesque stream, which is very popular with Scottdale people. Several parties have been up already this season, and one party will come down tonight, on the arrival of the new campers.

Doing Some Repair Paving.
Harry Hall & Company of Homestead, are about ready to pave across from Market to Pittsburgh streets which paving was added to their contract when they began the paving of Market street from Broadway up, and which will make a prill of paved streets in that section of town. They are also engaged in paving the corner of Broadway and Pittsburgh streets in each direction where the paving has been worn out, which will be quite an improvement to that part of town when re-paved.

Takes Bonner to Dawson.
Arthur J. Porter, who has a fine farm a mile west of town, took Bonner, his trick horse to Dawson after this morning and will have this very defiant animal on exhibition there. He is provided with a large tent, and will exhibit the horse performing several feats that show well for the animal's intelligence and the training that he has received, from the hands of his owner. Bonner will be one of the interesting features of the big race meet.

Attending the Reunion.

WHAT DOES RED MARK IN THE CIRCLE MEAN?

Many Inquiries Are Coming in About
Mysterious Sign That Is Going
the Rounds.

The Black Circle and the Red Mark has aroused considerable curiosity around town. We have had hundreds of inquiries at our office, but up to the present we are ignorant what to inform the public.

Whether the sign may mean the Red Cross Society or a meeting of the Reds, or some secret society, is all a mystery. Owing to the inquiries that we have been receiving, it has aroused our curiosity to such an extent that we certainly would like to have the mystery explained by some one who knows about this work.

If the same is not solved by next Thursday, August 12, we shall make it our business to take further steps to investigate the matter in order to enlighten the public as same has certainly caused anxiety among the public.

Rumor Credits House He Dies in
With Concealing \$100,000.
Had No Relatives.

IRWIN, Pa., Aug. 10.—With \$100,000 in cash it is said in his little log house, the proceeds from the sale of coal under his farm, John Evans is dead in the house near here where he was born 82 years ago.

With all his riches the recluse is not known to have seen any of the world far beyond the limits of his farm. Since the death of his parents, years ago, Evans lived alone, and was not seen except when he came occasionally to town to transact some business. He never married and leaves no immediate relatives. When he became too feeble, three months ago, to care for himself, he employed a housekeeper.

TUESDAY EVENING, AUG. 10, 1909.

PA. AND W. VA.
COAL AND COKE.

Pennsylvania maintains her supremacy
as a coal and coke producing
State, with West Virginia a good second.

There was a time when West Vir-
ginia aspired to first place. That time
has passed. It may come again, how-
ever, when Pennsylvania's fuel re-
sources shall have become depleted,
and West Virginia's magnificent fields,
still developed in a comparatively
small degree, shall have become con-
tributors to the nation's markets to
their full capacity.

The bituminous coal fields of Penn-
sylvania yield a greater tonnage and a
better one than any other State in the
Union. Pennsylvania bituminous coal
still commands a better price than that
of the other States. According to the
report of the United States Geological
Survey, Pennsylvania bituminous av-
eraged \$1.09 per ton, while West Vir-
ginia operators got an average price
of 95 cents, during the year 1908.

The question to be asked is, what
merits of Pennsylvania and West Vir-
ginia coals was definitely and finally
determined some twenty years ago,
when the West Virginia operators
were brought to a realizing sense of
the fact that carbon was not the only
requirement in first-class coke.

West Virginia has some good coal
and coke, however, and it is now
pretty well settled that the Lower
Connellsville coke region extends
westward through Greene county and
the Panhandle of West Virginia per-
haps to the Ohio river.

**NOT A DISTURBER
AND NOT LICKED.**

The Uniontown Herald says the com-
ments of some of its astounded con-
temporaries on the meeting of the
County Committee are smile-provok-
ing, and adds, "Count on a disturber
to talk harmony after he gets a lick-
ing."

The Courier talked some harmony
yesterday, but it at no time before
mentioned the County Committee or
organization in its columns or sought
in any manner to influence it in any
degree; neither did its editor, nor his
staff so far as his knowledge goes, at
any time take any part whatever in
the contest. So far as we are concerned
the contest might have been fought
out in China as well as in Uniontown.
No newspaper could have been more
strictly impartial concerning it.

In view of these facts, The Herald's
remark, even though unintentional,
is an injustice. When we enter into
a fight we will allow to take all
that's coming to us; but when we
preach peace, and practice it, too, we
don't like to be shot at by the belliger-
ents.

**WHY GREENE COUNTY
DEMOCRACY IS DISAPPEARING.**

Greene county is reforming.
It has forsaken wild and woolly po-
litics and finance, and has settled down
on the old job of being tame and sane
and woolly, with the result that its
wool clip this season is estimated at
two million pounds worth three-quar-
ters of a million dollars; all this in
spite of the dogs, too.

If the Democrats of Congress had
had their way in the revision of the
tarp the Greene county farmers
would not have been able to sell their
wool at 35 cents per pound. They
were protected in their pockets by a
Republican Congress in its legislative
entity and by their Republican repre-
sentatives specially and particularly.

It is no wonder the Democratic ma-
jority in Greene county is disappear-
ing so fast that there won't be any
of it left for the coming industrial
developments to demolish.

The Washington newboys don't read

of their wisdom. They march to the
corner the Lincoln penny market yes-

Congressman John K. Tener says
he is not a candidate for the Republi-
can nomination for Governor. He was
never seriously accused. A Pittsburgh
newspaper correspondent, even though
permitted the honor of having his name
attached to his articles, still lacks the
authority to speak for the Republican
party of Pennsylvania. The party will

nominate its own candidate when the
time comes; and he will be a credit to
the party, even as Governor Stuart is
today.

The West Penn killed a cow yester-
day, but the ghost of the animal wreaked
vengeance on the company and the
public by blocking the line for six
hours. The motorman should always
be polite to the ramshackle cow, and
say, "After you, madam. Politeness
not only prolongs life, but it is other-
wise profitable."

WASHINGTON CORRESPONDENCE.

United Press Special.

WASHINGTON, Aug. 10.—The busy
sign is out at the State Department.
Secretary Knox' and Assistant Sec-
retary Wilson have barricaded them-
selves back of the mahogany doors
and only the most important person-
ages can expect to hold a conference
with anybody but the messengers out
in the corridor.

The forthcoming year will be the
most important the Department has
had to chronicle for some time. If
Secretary Hay had his troubles keep-
ing the door open in China, Secretary
Knox may be sold to face the prob-
lem of keeping front, side and back
doors open in pretty nearly all of the
countries in both hemispheres, and it
is going to be rather difficult for him
to watch China while holding his heel
against the jamb in South America
and negotiating with France to open
the side entrance a little more for the
products of American farms and fac-
tories.

Just now he is trying to settle the
situation in China. There it is not so
much a question of the door being
open. It has been open ever since
John Hay dashed the cryptic phrase,
"administrative entity," on the foreign
powers who were expecting to take a
nice, little slice of the oriental empire
for themselves before the smoke cleared
away after the Boxer uprising.
Since then it has been discovered, how-
ever, that England, Germany, France,
Russia and Japan have been bickering
around the doorway so much that it is
difficult for anyone else to get in
or out. Secretary Knox proposes to
see that the United States runs that

blockade, not for once but for all
time. There have been two ministers,
an ex- and a prospective of China and
one Ambassador from Japan hovering
about the State Department for sev-
eral days talking over oriental mat-
ters of this kind.
In addition to this, the South Amer-
ican doorway must be kept clear for
United States products. American
banks are to be established in all of
the important centers in that contin-
ent, which will facilitate business
with the United States. The United
States bankers will become bidders
for South American bonds in order to
have a voice in the construction of
important public projects on which
American materials will be used. For
this purpose the administration has
a much wider attitude under the max-
imum and minimum provision of the
new tariff law. President Taft can
now tell the Latin American countries
that they will be given advantages in
tariff reduction for advantages ac-
crued by the United States.

The most perplexing of all the prob-
lems, however, is the readjustment of
commercial agreements with Euro-
pean nations. This task presents per-
plexities unthought of before. There
must be speculation, calculation,
heaps of statistics digested, and many
pots of diplomatic suavity used before
this can be completed. France is
toughly about American tariff. Ger-
many is commercially aggressive and
will get as much as it can. Even the
smaller countries have been showing
signs of retreating against the United
States for the higher duties against
their products.

AUGUST BARGAINS.

The final wind up of the bargain
season for this summer. Not bot-
tering so much about the prices
that goods will bring as we are
how to get rid of every piece of
summer goods. Some of these bar-
gains we have enough of to tell
you about here. Others not enough
left to tell about and they go to
the bargain tables to be picked
up by early choosers. That's one
of the reasons for asking you to
visit this store as often as you
can. You'll find every bargain
plainly marked and we want you to
be the judge for yourself as to
whether the goods you see will
be a bargain to you or not.

Children's Dresses at 1/3 Off.

A table of these in the cloak
room. Children's colored dresses
that sold for from \$1.00 up to \$4
each. Sizes 2 to 6 years.

Turkish Towels at 25c the Pair.

Size 18 inches wide by 36 inches
long. Hemmed ends add worth in
a regular way 40c the pair. What
we have of these you'll find on a
table as you enter the door. It's
a towel bargain worth the price
and more too.

More White Waists at \$1.

This dollar waist table has been
a popular place during the weeks
past. We've added more waists
for the coming week's selling and
you'll get big waist value for your
dollar at this table all this week.

Muslin Underwear Bar- gains.

Take a look at the dollar table
in the dress goods aisle. Ladies'
and children's garments that sold
for from one-half to double the
price. We ask you to examine the
garments, see how they are made,
the material from which they are
made and tell us what you think
of these bargain tables of ours.

Children's White Dresses at 50c.

Sizes 2 to 5 years. Dresses that
sold for 75c and \$1.00. A table of
these at the front of the store.
Fifty cents hardly pays for the ma-
terial and you'll not find the mak-
ing has been alighted in any way.

The Remnant Tables.

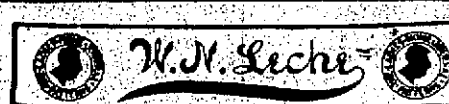

Short lengths at prices that will
tempt you to buy. Plenty of them
and of every kind from wash goods
to silks. Want you to look them
over. You can tell from the prices
how badly we want to get rid of
them. Every day sees a change
in these remnant tables.

About the New Suits.

Monday, August 16, we make the
first showing of the new Fall Suits
and whether you want to buy now
or later, here or elsewhere we in-
vite you to come in and look these
over. There will not be a showing
of high class novelties at extra-
grant prices but clean tailor-made
suits in the colors and styles and
materials that you will want for
the coming Fall season's wear.
The showing will be the largest
in suits priced around \$25 and \$30
and ask you to come and see them.

STEALING IN STORES

The Ingenuity That Is Shown
by the Woman
Thief.

TRICKS OF THE SHOPLIFTER

The Satchel With a False Bottom and the Sift in the Dress Near the Belt. Some Schemes Successful Because of Their Very Simplicity.

As numerous as they are ingenious are the tricks of the modern shoplifter, declare store detectives. It keeps the detectives busy to "get on" to the devices of the men and women who live by their wits in stealing from stores. For tricks that are canny few classes of criminals, it is said, approach them.

The method of stealing by using the satchel with a false bottom is one of the cleverest of the tricks.

Well disguised, the shoplifter enters a store. Her eyes run over the counters. She perceives the object she wants—usually something small and valuable, sometimes a purse a customer has left lying on the counter.

Over the object the shoplifter places her satchel. Pretending to delve into the satchel to extract a purse or handkerchief, the thief lifts a false bottom in the bag, reaches under it, draws inside the desired article, adjusts the false bottom, closes the satchel and walks away.

"But this is only one of many clever ruses employed," declared a detective the other day. "The women especially are ingenious. Their dress, of course, helps them."

"One of the methods of stealing is for the shoplifter to have a slit in her dress near the belt. As she stands near the counter she can deftly seize the article desired, be it a piece of lace or costly fabric or a bit of jewelry, and slip it into the skirt. The folds of the skirt are voluminous and conceal the thing stolen."

"Some tricks are successful because of their simplicity. A fashionably dressed woman may walk into the clothing department, look over coat suits, pick up one, fold it neatly up, place it under her coat and walk away."

"If she is detected she will indignantly declare that she bought the suit some time before and that she has brought it back to be altered."

Or a woman, her hands glittering with rings and dressed in the latest style, may walk into the store some winter day. She wears only a rich coat of dark fabric.

In the coat department she will ask to see some fur lined coats. Oh she is very particular and tries on one after another. Other customers come up, and the saleslady gets busy with them while the maid is trying to suit herself.

While the saleslady is turned she puts on one of the richest sable trimmed coats, turns on her heel and walks away. Perhaps the salesgirl may not notice the loss until there is an account of stock.

"Each month from fifty to sixty arrests are made in the average large department store. The detectives must be extremely careful, for a false charge would precipitate a suit for damages, which would mean many thousands."

Certain departments hold special lure for shoplifters. The jewelry department is invariably guarded. When the furs come in we have sleuths who keep their eyes open for the woman who likes to take a fur to the window to examine it, then running for the door; the woman with the false skirt and the woman who puts a fur on and audaciously walks away."

Although the sales departments and the detective departments work together, there exists between them a spirit of justifiable rivalry. If a detective perceives some one getting away with goods it casts discredit on the person behind the counter from which the goods were stolen. Therefore the sales folk keep an alert watch for shoplifters.

One might imagine that goods are dumped pell-mell on the counters of the big stores. As a matter of fact, the efficient saleslady will have everything so arranged that she will notice the disappearance of an article almost immediately.

If a saleswoman suspects a person she immediately notifies the head detective. If it is a woman, a woman detective is usually put on the job. It is said store managers usually find women more efficient than men.

Few arrests are ever made in the stores, as an arrest gives only undesirable publicity. The detective usually follows suspected persons from the store and arrests him or her outside.

It is said that arrests for shoplifting in New York exceed 3,000 a year. In that city a full description of all shoplifters caught are sent to the Retail Dry Goods association which in turn distributes the information to the various members.

Only by concerted action and with highly organized staffs of detectives can the stores cope with the ingenious shoplifters.

The detective system of the big stores, however, is now so perfect that it is dangerous to attempt shoplifting. Even the cleverest shoplifter faces a long jail term in the pursuit of her nefarious work.

More than that, if a shoplifter for any reason should escape paying the penalty of crime in one city she may not be so fortunate in another. Descriptions of all suspected persons are sent out broadcast, and arrest in another city may mean a jail term, even though the thief may have escaped punishment previously. — Philadelphia North American.

VETS THROG SALT LAKE CITY.

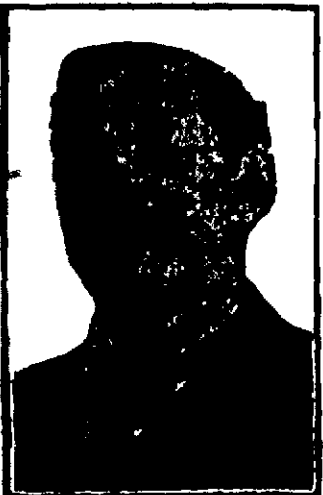

General Nevius Given Reception at G. A. R. Reunion.

MANY CONFEDERATES PRESENT

St. Louis and Atlantic City Fight For Next Year's Encampment—Result Probably Rests With Delegates From New York and Pennsylvania.

Salt Lake City, Aug. 10.—The second day of the forty-third national encampment of the Grand Army of the Republic finds close to 50,000 veterans and visitors quartered in the city. Drum and fife corps parade the streets and at the various headquarters bands furnish music.

Of the fourteen past commanders in chief now living five are in attendance. They are General S. S. Bardett of Washington, Eli Torrance

GENERAL HENRY M. NEVIUS, Commander in Chief of G. A. R. of Middlesex, John R. King of Baltimore, Corporal James Tanner of Washington and General Charles G. Burton of Nevada, Mo.

A monster reception was given Commander in Chief Nevius and staff by the Women's Relief corps last night. Thousands of guests were present.

The political side of the encampment was made prominent through the opening of headquarters of the rival claimants for honors. The fight between St. Louis and Atlantic City for the encampment of 1910 is to be warmly contested. The result probably rests with the delegates from New York, Pennsylvania and Ohio.

For commander in chief Governor Vanant of Minnesota and W. L. Ketcham of Indiana continue to be the active candidates.

Every state of the Confederacy has a delegation present. Between them Louisiana and Mississippi muster about fifteen veterans. Texas sends twenty. Georgia has furnished the largest delegation from the south.

The beginning of the encampment found the army fanned by cool mountain breezes and the sun in retreat. Every veteran wears a bronze badge suspended by a tiny flag from a bronze bar which opens every door to his wearer and clears his path in a crowd.

NOW THE TREASURY

Government Employees in That Department Will Undergo Efficiency Test. Washington, Aug. 10.—The wave of efficiency test which started under Secretary Nagel in the department of commerce and labor has struck the treasury department, where it is to be even more sweeping than in other departments.

Before leaving the city for his summer home in Dublin, N. H., Secretary MacVane appointed the three assistant secretaries as a commission to work out the reform. Assistant Secretary Morton was made chairman.

Cards have been sent to every employee and to every chief of a division. Each chief will make a report concerning his employees and each employee will make a report concerning himself or herself. The cards cover a host of subjects, including the quantity and quality of work performed by each employee and the character of appointment under which one labors.

DECLARED A NUISANCE

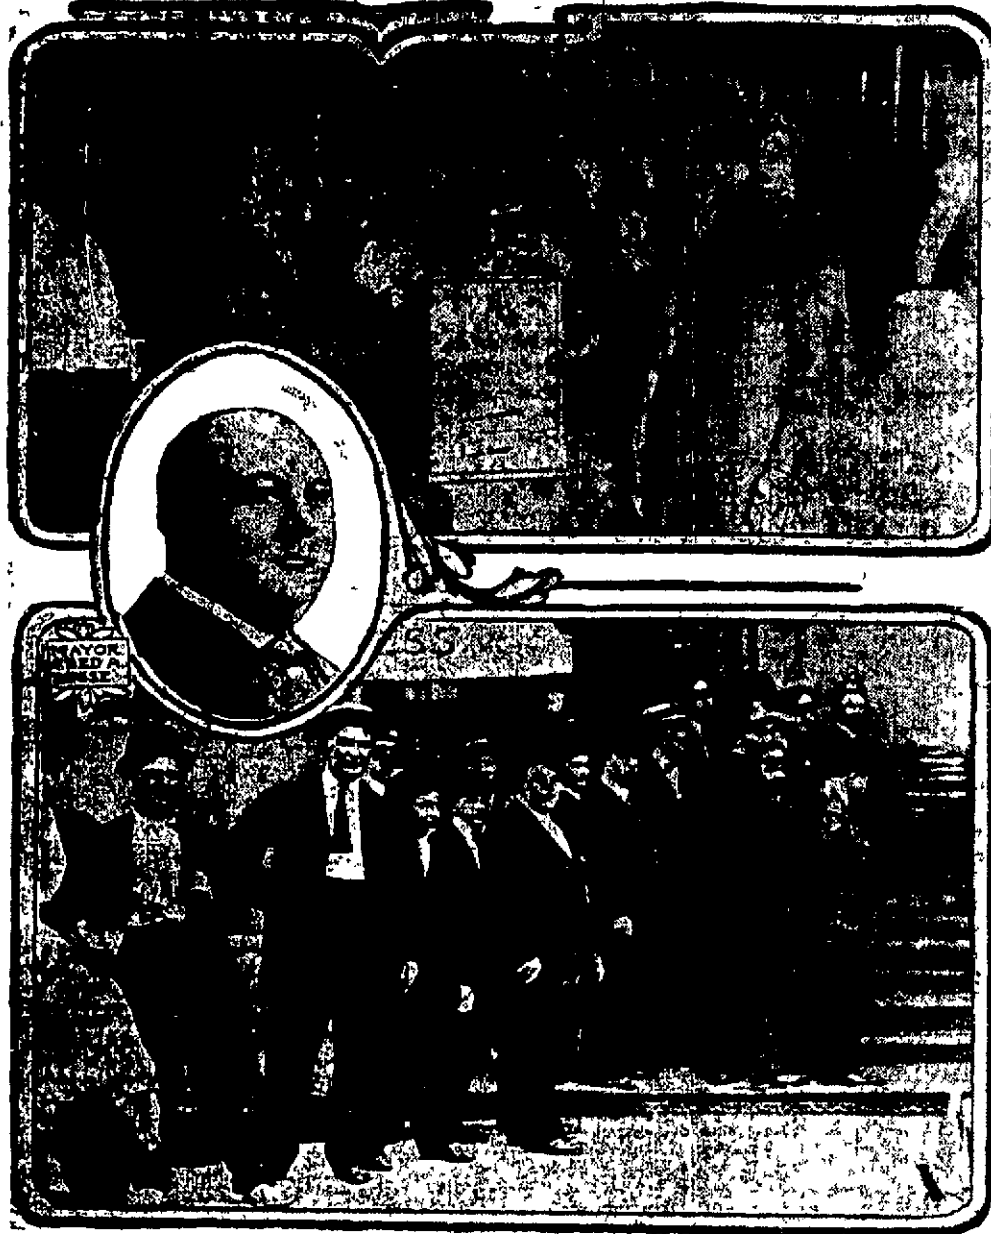

Tennessee Justice Decides Against Holy Rollers.

Chattanooga, Tenn., Aug. 10.—Justice Parks at East Chattanooga decided the case of Rev. Kenegar Trim, leader of the Holy Rollers, declaring the services which Trim conducts a nuisance. Rev. Trim was held to the circuit court in bond of \$250 for maintaining a nuisance.

Prominent citizens avow the services ran late into the night and hideous shrieks and curses rent the air. Some nights ago a mob visited Trim and threatened bodily harm if he did not leave. He declared he was staying on the direct orders of God.

Success came to the Holy Roller.

CHICAGO CAR MEN VOTING TO STRIKE; MAYOR BUSSE, WHO ACTS AS MEDIATOR

Following the vote of about 13,000 Chicago street railway employees of strike if their wage demands were not met by the companies, Mayor Busse and city officials generally took prompt action to prevent a walk out of the men and bring about arbitration. The Mayor called a conference in his office and appointed Walter L. Fisher, an eminent attorney who is well acquainted with the traction situation, to represent the city Under the Chicago traction ordinances

the city is virtually the partner of the street railway companies, and under the law the city is empowered to take a hand in mediation in the event of disputes between the employees and the companies. President Mitten of the Chicago City railway issued a statement showing that the company is gradually increasing the scale of wages as it is able to increase the average speed of cars. The men demand that the scale be advanced to 27 and 30 cents an hour for various kinds of

work. The voting of the men was conducted without any disorder, the balloting being carried on in a careful and orderly manner and each ballot being fully protected by secrecy. These snapshots were taken during the voting. One of the pictures shows M. C. Bowie, a member of the executive board of the street railway men's union depositing the ballots in the box. Bowie is indicated by an arrow. The other snapshot shows a line of street railway men waiting to vote.

POLICE HUNT SLAYER OF GIRL.

Broken Spade Furnishes Clue to Rochester Officers.

BODY FOUND IN CEMETERY

Autopsy Shows That Girl Had Been Criminally Assaulted and Murdered—Body Horribly Mutilated—Broken Spade Only Clue

Rochester N. Y. Aug. 10.—That Anna Schumacher, the seventeen-year-old girl whose body was found buried in Holy Sepulchre cemetery was choked and beaten to death after being criminally assaulted is the conclusion based on the autopsy held by Coroner Henry Klein tonight, but many of the circumstances of the crime, even to the exact place where it was committed can still be only guessed at.

Although the authorities believe they have a clue to the murder name of a broken spade found near the scene of the deed who is guilty of the crime is a matter of vague speculation.

The strange actions of a man discovered at the scene of the murder by an employee of the cemetery directed suspicion toward him and for a time gave promise that an arrest would be made, but the man made his escape and it is not known who he was.

Some of the police assert that they have clues that indicate that the guilty person is not a tramp, that he is probably now in this city and that an arrest is probable in a day or two. Spade Taken From Seminary Pig Pen.

The broken spade was found near a deserted pump-house near the lonely spot where the victim's body was hidden. It was taken from a pig pen at St. Bernard's seminary and its use lends probability to the belief that the murderer was not unfamiliar with the locality. It is thought that probably at twilight or after dark he went after the spade, having dragged the body into the shrubbery and with much care as was possible in the darkness he buried the body in a shallow trench, covering it with earth and leaves.

The autopsy emphasizes the brutality of the crime. The body was in a pitiable condition—the head face chest arms and hands were covered with bruises and scratches the bone that supports the tongue the hyoid was fractured when the assailant choked his victim the body was covered with blood and the hair was full of dirt and leaves, indicating that the body was dragged some distance probably by the feet. Part of the clothing had been removed. It would seem that the girl who was of vigorous physique made a desperate struggle to save her honor and her life.

THOMAS FOUND GUILTY

West Virginia Jury Recommends Life Imprisonment For Young Man. Welch W. Va., Aug. 10.—A jury found John Thomas eighteen years old guilty of criminally assaulting and murdering Lulu Stafford ten years old and recommended him to life imprisonment.

The girl was assaulted, slashed to death with a knife and then her body hid in bushes in the courthouse yard.

Whirlpool Carries Down Three. Baltimore Aug. 10.—While bathing in the Patuxent river three young men were suddenly drawn under in a whirlpool and drowned. All were Baltimoreans. They were Frank R. Schultz, George H. Combs and Dr. Howard Eastman. Schultz was an expert swimmer and was on an attempt to save the other two.

Foul Tip Kills Spectator. Cincinnati Aug. 10.—William Bailey Altman a traveling salesman of this city while attending a ball game at Moorehead Ky. was struck on the chest by a foul tip and died shortly afterward.

Locomotive Wrecked, No One Hurt. Leavenworth Kan. Aug. 10.—A Missouri Pacific passenger train was derailed in South Leavenworth. The locomotive was torn to pieces and all the cars left the track but no one was injured.

Thirteen Injured at Fire. Cleveland O. Aug. 10.—Fifteen men were injured at a fire that destroyed a two-story brick warehouse of the Ohio Sash and Door company. The total loss will be \$50,000. None of the men will die.

GREECE NOT HOSTILE.

Makes Formal Reply to Note on the Cretan Question.

Athens, Aug. 10.—The Greek government handed to the Turkish minister a formal reply to the porters note of several days ago which asked Greece to express her disapproval of the annexation agitation in Crete and formally to declare that she had no ambitions regarding the island.

The reply is a lengthy document it protests formally against the complaints contained in the Turkish note and gives instances of Greece's constant endeavor to maintain frank and friendly relations with Turkey and to draw closer the bonds uniting the two countries.

Greece, the note declares, has done and still wishes to do all in her power for the appeasement of Turkey and for peace.

Greek Flag Hauled Down. Canaan, Island of Crete, Aug. 10.—The Greek flag which was run up over the fortress and the Cretan military barracks here on July 27 the day after the evacuation of the island by the international troops was lowered as a result of the protests of the four protecting powers.

SHOWS SOME IMPROVEMENT

Stockholm Presents Livelier Aspect.

Rumors of Strike Collapse. Stockholm, Aug. 10.—The streets of Stockholm present a livelier aspect than on any day since the general strike began.

Many cars and street cars are plying their trade through the streets of the capital despite the threats of the strikers that they would stop all traffic. King Gustave drove through the city, passing before the strikers' headquarters. He was without an escort.

The gas and electric plants are working without interruption and it seems doubtful whether the employees of the railroads will join the movement. Rumors are again in circulation concerning a probable collapse of the strike, the workmen being dissatisfied with the speeches and the methods employed by their leaders in carrying it on.

Million Order For Plant. Philadelphia, Aug. 10.—An order for fifty-seven locomotives, involving \$1,000,000, has been received by the Baldwin Locomotive works from the James H. Hill railroads of the west.

HAVE NARROW ESCAPE.

Train Derailed—One Coach Toppled Into Ditch.

Creston, O. Aug. 10.—Five persons were injured when a passenger train on the Wheeling and Lake Erie rail road was derailed at Burbank three miles west of here.

The engine and the first two cars overturned and a passenger coach containing 110 persons toppled into a ditch. The engineer remained at his throttle and stopped the train.

The more seriously hurt Mrs. Ella Kiser, Pittsburg, Mrs. P. Born Pittsburg, A. A. Bohn, Pittsburg, E. A. Orr Pittsburg, John Dalzell, Martins Ferry, O., A. G. Freeman Latrobe Pa., W. S. Sande Jacksonville Fla., Mrs. Jennie L. Levitt, Bellevue, O.

Spreading rails are supposed to have caused the accident. Had the accident occurred a minute before the train would have gone over a twenty-foot embankment. Nearly all the passengers sustained bruises and cuts. The more severely hurt were rushed by a special train to Creston where they received medical attention.

DOUBT MURDER THEORY

Woman's Body Found Near Detroit Is Identified.

Detroit, Mich., Aug. 10.—The woman who was found dead in a patch of woods in Hamtramck township with evidences of assault and murder, was identified as Mrs. Martha Graham of 117 St. Joseph avenue County Physician Grimes stated that he found evidences of finger marks on the woman's throat and that he believed she was attacked and murdered.

Despite the report of the county physician, Coroner Bennett and some other officials believe that Mrs. Graham died from a hemorrhage of the lungs and that the evidences of a struggle in the bushes may have been her own efforts to regain her feet after weakness had overcome her.

Too Much Sunshine For Blondes. New York, Aug. 10.—In furtherance of his theory that there is too much sunshine in America to make it a favorable habitation for blondes, Dr. Charles E. Woodruff, a surgeon in the United States army, has found that the falls and similar institutions are largely populated by light complexioned persons who, unable to stand the struggle for existence in a climate to which they are unaccustomed, have fallen into poverty, disease or crime.

MRS. CASTLE GETS BAIL

Woman Who Shot at Lawyer in New York Hotel Leaves Prison.

New York, Aug. 10.—Mrs. Mary Scott Castle who dented William B. Craig's fountain pen and slightly wounded the lawyer when she fired a 22-calibre revolver at him in the Waldorf was released from the Jefferson Market prison under \$3,000 bail after six days of imprisonment.

After scurrying about all day with little success, Mrs. Castle's brother Captain Henry Harrison Scott U. S. A. who came up from the south to aid her finally obtained a bondman. He is David Mannus a Sixth avenue tailor, who gave property in Brooklyn as security.

TRY TO DIE TOGETHER

In Darkened Room Man and Wife Attempt to Kill Each Other.

Chicago, Aug. 10.—After locking their two children in a bedroom and fastening all the doors of their flat Antonio Spizzirri and his wife Anna went into the darkened parlor and tried to kill each other.

The woman was shot twice and stabbed twice with a stiletto and died before the police arrived. The husband was shot twice also and he may die. The disordered room indicated a terrible struggle. It was thought that Spizzirri was jealous of his wife.

FLESH BURNED TO CRISP

Suffering Man Runs Screaming Through Streets of Cincinnati.

Cincinnati Aug. 10.—A man half clothed with his flesh burned to a crisp in places and screaming from pain as he ran through the streets aroused the neighborhood following a tenement house fire here.

The suffering man Michael Hoff fell unconscious at the door of the City hospital and died soon after ward. Another tenement dweller is dying from his burns. The two men left a lamp burning when they retired. They awoke to find the room ablaze and made their only way of escape by dashing through the flames.

Pope's Coronation Anniversary. Rome, Aug. 10.—The sixteenth anniversary of the coronation of Pope Pius was celebrated with great pomp. High mass was celebrated in the St. Peter's chapel with Cardinal Merry Del Val, the papal secretary of state, officiating. A grand concert in honor of the occasion was given.

The same old story bobs up again in yesterday's game—inability to hit with men on bases. Willis worked for the Cokers but was wild, and while he allowed but two hits, his passes and a wild heave by Kid Hagan gave Fairmont its two runs. At that the game would not have gone to the Hunters had the Cokers done any hitting.

They got to Hunt five times, Dave Calhoun making one single good for a pair of socks, but the necessary singles did not come when men were waiting to score. The Cokers are in the worst hitting slump they have struck yet this year. The consequence is that every miscalculation is costly because there is no way to get it back.

The Cokers play in Fairmont today and tomorrow and then go to Grafton. It will be their luck to have Fairmont take an awful slump after they leave town and the Grafton team will be due for a brace about that time. Manager Alex Sweeney is getting gray hairs looking for the goat the other fellows seem to have belonging to the Cokers. The score:

THE TALE OF THOUSANDS

The Scientist and His Great Discovery.

Many things have been advertised in the local papers for human ailments but nothing has created the talk and enthusiastic praise in this city and vicinity like Root Juice. Most of those who take the remedy a short while can not say too many good things for the scientist and this wonderful health-promoting discovery. While here the scientist said: "The medicine does not cure disease, it simply removes the cause and gives nature a chance. That is why so many people get well after taking the Juice awhile. Many local people permitted their names to be published in this paper because the remedy cured them and they continue to rejoice in the drug store some great good the Juice is doing. It is certainly a great medicine for the stomach, liver and kidneys. Indigestion, constipation, rheumatism, backache, sick headache, nervousness, and other symptoms of a disordered condition of the digestive and secretory organs are soon removed under the Juice treatment. They are pleased to tell about it at Graham & Company's drug store. Root Juice is \$1 a bottle. Three bottles for \$2.50.

RUN UP PRICE.

Flurry in Juvenile Exchange When Lincoln Coins Give Out.

Washington, Aug. 10.—The supply of the new Lincoln pennies bearing the three initials of the designer has been exhausted so far as distribution at the treasury department is concerned. The word that they were "all gone" was issued shortly before the treasury building was closed.

Immediately the bull of the juvenile curb market outside ran up the price. From three for a nickel the figure jumped to two for a nickel, a nickel a piece, four for a quarter and a dime apiece. Some asked as much as twenty-five cents each and refused to take less.

Since Secretary MacVeagh ordered that the coinage should cease until the die could be recut the newsboys have swarmed about the building securing as many pennies as they could get money to have changed.

Nearly a hundred messengers and newsboys were in line when the last "V. D. H." was paid out. As the word went down the line the boys could hardly realize what had befallen them. Some with crestfallen faces, wept out their troubles outside. Others, who had either sold short and had to have pennies to cover their sales or with the thought of buying as low as possible before the brokers on the curb learned that the pennies had all been paid out took their places among the buyers and began bidding on everything offered.

FIGHT FOR MILLION ACRES

Heirs of John Paul Jones Lay Claim to Immense Tract of Ohio Land.

Marion, O., Aug. 10.—One million acres of land near Marion, owned by the Ohio company in 1788 and deeded to Admiral John Paul Jones in 1792, is now in litigation here.

Attorney A. Dewey Follett has started proceedings to gain possession of certain land which Mrs. Gumbault of Paris, France, as heir to John Paul Jones, claims legally belongs to her.

The records of Washington county show that Jones once owned the land in question and it may still be the property of his heirs. Poverty forced Mrs. Gumbault to seek title to the land and show the deed of trust in her possession.

MORE LAND DESIGNATED

Nearly 26,000,000 Acres in Montana Included in Homestead Act.

Washington, Aug. 10.—Acting Secretary of the Interior Wilson has designated 1,658,540 acres more of land, located in the northwestern part of Montana along the Missouri river near Fort Benton, as coming within the enlarged homestead act.

This makes a total up to date of 25,450,000 acres so designated in Montana.

ABE KRUGER IS AFTER A CHANCE.

Big Pitcher Will Enter Fun-go Hitting Contest Here Next Tuesday.

THINKS HE WILL WIN EASILY

Unlontown Sports Also Pick Gribben to Take First Honor in the Speed Contests—Considerable Interest in Boosters' Day.

Big Abe Kruger will show himself in Connelville next Tuesday. The big fellow has longed for a chance to display himself before a Connelville crowd, but for some reason or other Manager McCloskey has kept him at home.

Abe intends to enter the fungo hitting contest on Boosters' Day. He feels confident he will win in a walk and his confidence is shared by other members of the team. As a fungo hit, Abe is said to have the edge on anything in a Unlontown uniform.

The Cokers will have several likely candidates in this event. Elmer Cannon is some pumpkins when it comes to hitting out flies. It is peculiar that as a rule the best fungo hitters are pitchers. Through the lids with the salary arm seldom shine as batsmen.

The fungo hitting contest is but one of the many interesting held events to be pulled off on Boosters' Day next Tuesday. A good crowd is anticipated. "We can't have a ball team here unless the public gives us its support," say the Directors. Got your ticket yet?

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's 'Herpicide.' Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that ruins the hair off the root. After the germ is destroyed the root will shoot up and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed by Graham & Company, special agents.

SALVATORE ARREGO, WHOSE ARREST MAY SOLVE PETROSINO MURDER

Postoffice inspectors who have arrested 15 alleged Black Hand operators in Cincinnati and other points in Ohio believe they have the man who plotted and executed the murder of John Peter Petrosino, the New York detective who was slain in Palermo, Sicily, several months ago. Salvatore Arrego, who is now in the custody of the postal authorities is believed to be at the head of the band. The inspectors say these men have obtained many thousands of dollars through blackmailing operations in nearly all the large cities of the country. Their alleged victims are mainly their own countrymen. Petrosino was regarded as the iron fist of the band and was sent to Sicily to obtain evidence against the very men now under arrest. This, the postal inspectors argue, is ample proof that Arrego's alleged band knows something of the plot that led to the murder of Petrosino and they are trying to interest the New York police in the case.

Every Stetson Bears the Stetson Name \$3.50 to \$5

Men should be even more particular about their headgear than women. They wear their hats longer as a rule, and really a hat has more to do with a man's street appearance than any other dress accessory. If you buy a hat now you get the full benefit of the fall season. Perhaps there is a slight difference in the height of the crown or curve of brim, and is enough to make a hat unbecoming or the reverse as the hat may be.

That's why you should choose your fall hat from the largest up-to-date hat showing available. A stock where every height of crown and brim is shown and in a range of prices that will adapt itself to every thought of hat expenditure. Our hat store is the show place of only the best hats made in America at their respective prices. We can't delineate the styles here; we haven't space. Your interest invites an inspection in point of style and economy.

We also show many other makes and shapes for younger men. These prices are

THE SAWMILL'S BOOKS.

They Needed Not an Auditor, but a Mathematical Carpenter.

Blitkins arose me with a stare "I remember," he went on calmly ignoring my interruption one time when I was hired to keep books for a sawmill in the north. "Twice six days by log wagon from ever place except in the interior regions, the same being a quarter of a mile away straight down. The durned scamp then sent down to Nigger Wood settlement after me had so much business with a roulette dealer that he forgot to tell me to get some office supplies so when we got to camp I found that the principal equipment of my palatial 6 by 8 business apartment consisted of three lumber crayons slightly shop worn and a last year's almanac. I got some smooth pine boards and kept my books on them with chalk.

"How did it work?" I asked interested in spite of myself.

"Like a charm," grinned Blitkins, "until the foreman of gang 1 got on a drunk one night and slept in the office and used up fourteen pages of the general ledger for kindlin' wood the next mornin'. The company sent up an auditor to check over my books, but he went back plumb disgusted. Told 'em they didn't need an auditor—what they wanted was a carpenter who was handy at figgers. An' that reminds me!"
